

My name is Tao Wang.

This document is created to demonstrate the outstanding intelligence of my son, Sky Wang.

Sky Wang was born in 2006 and is currently 9 years old.

Sky loves Math.

The following conversation was recorded today, Saturday, September 12, 2015.

Sky: Dad, I think **Math is the language of universe.**

Tao: Why is that?

Sky: Well, 1 dog plus 1 dog equals to 2 dogs, 1 alien plus 1 alien equals to 2 aliens.

Tao: **You are not an alien, how do you know that alien knows Math?**

Sky: **You are not me, how do you know that I do not know that alien knows Math?**

Based on the conversation above, I believe Sky has outstanding intelligence.
